PRINTABLE | LETTER + A6 CASH BINDER | + GAME APP

63 Savings Challenges

Every amount, every timeframe, every goal. From a 7-day $50 sprint to $10,000. Every page adds up exactly.

Savings Sprints

How to use your challenges

1. **Pick one.** New to this? Start with a 7-Day Sprint. A quick win beats a big goal you abandon.
2. **Save, then color.** Moved money to savings, stuffed an envelope or skipped a purchase? Color a space with that amount. Any order.
3. **Write what it's for.** Every page has a "For:" line. Money with a name on it is harder to spend.
4. **Finish, then pick the next.** Missed a week? Keep going. Nothing resets.

Sizes: print the Letter file at home, or the A6 file for cash-stuffing binders (4 pages per sheet). Works in GoodNotes and Notability too.

Bonus: your purchase includes the Savings Sprints game app (combos, loot, levels, confetti) and a spreadsheet version. Links are in your download email.
